

Boiler Trim Kits

NA553 Series

Product Information - PI 101 - Issue Date 03/2011

Description

The Caleffi NA553 Boiler Trim Kit is available in 10 configurations and combines 8 boiler installation components into one box. This kit matches the necessary components for boiler installations into a simple package. The NA553 takes all the guess work out of selecting components for a simple installation.

The kit includes:

- 1 Caleffi Discal® Air Separator
- 1 Backflow Preventer
- 1 AutoFill™
- 1 Expansion Tank Check Valve
- 2 Brass Nipples
- 1 Brass Tee
- 1 Expansion Tank
